	Alpha Plus	70 school sites in 2014 A-F		78%	C+
	Oklahoma Statewide	1794 school sites in 2014 A-F		68%	D+

NOTES: All A-F Index Scores and averages calculated from individual school site report cards found online at <http://www.ok.gov/sde/af-grades> on 9-17-14. The Okla. State Department of Education (OSDE) did not issue a 2014 "State Report Card" until sometime after Oct. 2014. <http://afreportcards.ok.gov/Docs/2014OklahomaAFGradesForState.xlsx>. The original spreadsheet provided by the OSDE included ONLY A-F letter grades, without the percentage School Performance Grade; these were collected from the individual school site report cards at <http://afreportcards.ok.gov/> and added to spreadsheet by Alpha Plus staff. **Updated with state average Dec. 16, 2014.**

* Schools contracting with Alpha Plus for professional development (PD) levels also purchase materials and data services at various levels. "Materials" indicates use of assessments that may or may not include scoring, and/or curriculum materials without PD. For more information call Wendy Pratt, CIO, Alpha Plus, (405) 842-8408.
