² SIG Funded Schools: These schools represent the first cohort of current School Improvement Grants, funded FY2011 through FY2013. FY 2012 federal funding amounts provided as supplementary information relative to schools use of turnaround models. None of the schools served by Alpha Plus received federal grant funds in order to "implement a school intervention model." SIG budgets for funded and unfunded school applications are available online (<http://ok.gov/sde/school-improvement-grant-sig>) from the OSDE.

*Most schools are not on the ESEA/NCLB Waiver status list since they were neither the lowest nor the highest performing schools nor those improving test scores the most. On these tables, "No longer listed" schools had been identified as "Priority" schools (bottom 5%) on the 2012 ESEA/NCLB status list from the State Department of Education (Nov. 2011), but were not identified on the final report (Dec. 2012). These reports are available online at <http://ok.gov/sde/sites/ok.gov.sde/files/ESEA-Attach5.pdf> (Nov. 2011) and http://ok.gov/sde/sites/ok.gov.sde/files/documents/files/School_Status_ESEA_List_2012.pdf (Dec. 2012).
